DETAILED ACTION

1. The following is an examiner's statement of reasons for allowance:

Prior art fails to disclose the following patentable limitations of the applicant's claimed and disclosed invention:

- a wick plate which is provided between the upper plate and the lower plate and is maintained in position relative to the lower plate by surface tension of the liquid-phase coolant; and
- wherein the wick plate includes a plurality of holes and a plurality of planar wicks.

The combinations of the claimed limitations are novel and found to be allowable over prior art. The cited reference taken singly or in combination does not anticipate or make obvious applicant's claimed invention.

Allowable Subject Matter

2. Claims 1-121 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
